A discussion ensued regarding the costs associated with the capital improvement project.</p> <p><b>Director Pishioneri</b> proposed that future financial reports incorporate a narrative section highlighting noteworthy items or developments. The Board supported this suggestion, and staff committed to implementing the change in subsequent reports.</p> <p><b>MOTION: Director Pishioneri</b> moved, and <b>Director Plummer</b> seconded to approve the June 2024 Financial Report. <b>The motion passed unanimously.</b></p>
7. Year-End Overview Pre-Audit Financials.	<p><b>Ms. Ward</b> presented an overview of the pre-audit financials. She informed the Board that the process was slightly behind schedule, with the agency still in the pre-audit phase. <b>Ms. Ward</b> confirmed that Isler CPA would again be engaged to conduct this year's audit.</p> <p>A discussion ensued regarding the audit process and timeline concerns. <b>Ms. Ward</b> assured the Board that she would provide an update at the October Board meeting.</p>
8. Citizens Advisory Committee.	<b>Jim Daniels</b> , Chair of the Citizens Advisory Committee (CAC), provided the Board an overview of the July 2024 CAC meeting. He reported that the CAC had completed their review of the proposed Board goals, noting that their findings and recommendations were included in the Board packet for review and consideration.
9. Proposed Board Goals Review.	<b>Travis Knudsen</b> , Executive Director, presented an overview of the proposed Board Goals to the Board. He shared that the goals were the result of an involved development process, incorporating input from multiple stakeholders including Board members, the Citizens Advisory Committee (CAC), LRAPA staff, and external partners. Discussion followed.

	<p><b>MOTION: Director Pishioneri</b> moved, and <b>Director Johnston</b> seconded to schedule a work session to further review and discuss the proposed goals.</p> <p><b>Chair Saxion</b> suggested that prioritization and deadlines be added to the proposed goals, specifically identifying those that required immediate attention.</p> <p>After further discussion, <b>Director Pishioneri</b> amended his motion as follows:</p> <p><b>MOTION: Director Pishioneri</b> moved, and <b>Director Johnston</b> seconded to schedule a work session to further review and discuss the proposed goals, no later than the end of the first quarter of 2025. <b>The motion passed unanimously.</b></p>
<p>10. Partner Dues Engagement.</p>	<p><b>Mr. Knudsen</b> provided an update on LRAPA's engagement with partner jurisdictions regarding annual dues and fees. He noted an error in the report where the figures for the Cities of Eugene and Springfield had been inadvertently swapped. He clarified that the correct annual dues are \$92,000 for the City of Eugene and \$33,700 for the City of Springfield.</p> <p><b>Mr. Knudsen</b> reported that he had initiated meetings with key representatives from each partner jurisdiction. He emphasized that this approach was designed to ensure a clear understanding of LRAPA's services and financial needs among all partners. <b>Mr. Knudsen</b> then provided a synopsis of the meetings already held and outlined the schedule for upcoming meetings with the remaining jurisdictions.</p>
<p>11. Building Remodel Update.</p>	<p><b>Lance Giles</b>, Technical Services Manager, presented an update on the LRAPA office remodel project. He reported that since the Board's approval in July 2024, the project had begun with demolition work underway. He noted that the project was on schedule for completion by February 14, 2025, and within the approved budget.</p> <p><b>Mr. Giles</b> reported that the project was progressing and assured the Board that staff would continue to provide regular updates. <b>Mr. Knudsen</b> then presented photographs documenting the project's progress to date.</p>

<p>12. Directors Report.</p>	<p><b>Mr. Knudsen</b> presented the Director's Report, highlighting an upcoming visit from EPA Region 10 Administrator Casey Sixkiller on September 17. He noted that Sixkiller would discuss the JH Baxter site's potential listing as a Superfund site and would participate in a roundtable at the Lane County Public Service Building. <b>Mr. Knudsen</b> added that discussion would focus on LRAPA's environmental justice grant for Oakridge and Lane County's Community Change Grant.</p> <p><b>Director Keating</b> requested LRAPA staff participation in the JH Baxter site discussion. <b>Chair Saxion</b> concurred, emphasizing LRAPA's crucial role in managing air quality during cleanup and its regulatory responsibilities. <b>Mr. Knudsen</b> agreed and stated he would relay this request at the pre-visit meeting.</p>
<p>13. Adjournment of LRAPA Board Meeting.</p>	<p><b>Chair Saxion</b> adjourned the LRAPA Board meeting at 1:00 p.m.</p>

**LANE REGIONAL AIR PROTECTION AGENCY  
MEMORANDUM**

**To:** Chair Howard Saxion and LRAPA Board Members

**From:** Travis Knudsen, Executive Director

**Date:** September 12, 2024

**Subject:** Citizens Advisory Committee (CAC) Input on LRAPA Strategic Goals

**STAFF REPORT**

---

**ISSUE STATEMENT**

The Citizens Advisory Committee (CAC) was asked to review and provide input on LRAPA's strategic goals. This staff report summarizes their feedback, including recommendations for maintaining, modifying, or removing existing goals, as well as suggestions for new goals to address emerging challenges and priorities.

**BACKGROUND INFORMATION**

In January 2022, the LRAPA Board of Directors established strategic goals to guide the Agency's efforts in protecting public health, community well-being, and the environment. As part of an ongoing review process initiated in May, the Citizens Advisory Committee (CAC) has been providing valuable insights and recommendations to staff during each meeting, contributing to the refinement and implementation of these goals.

**CAC INPUT AND RECOMMENDATIONS**

**1. Existing Goals: Recommendations**

**a. Oakridge/Westfir Air Quality Improvement**

The CAC recommends modifying and expanding this goal. The proposed modification is to continue Oakridge/Westfir Air Quality Improvement and expand to other communities. The rationale is that the original goal has been achieved, and it's time to expand these programs to other areas.

**b. Internal Efficiency Enhancement**

The recommendation is to maintain this goal with specific focuses. Proposed additions include specifying filing system updates, reviewing policies and procedures, and considering staff needs.

**c. Pre-Budget Planning, Financial Stability Assessment, and Funding Source Diversification**

The CAC recommends merging these into one comprehensive financial strategy goal. This creates a more cohesive approach to financial planning and stability.

**d. Website Redesign**

The recommendation is to remove this goal as it has been achieved.

**e. Community Engagement, Education, and Partnerships**

The CAC recommends maintaining and enhancing this goal with specific objectives. Proposed additions include setting annual outreach targets, focusing on public education, engaging with less-involved communities, and strengthening collaboration with partner organizations. A new objective is to enhance community outreach, education, and partnerships to improve understanding of air quality issues and LRAPA's role.

**f. Airmetrics Enterprise Evaluation**

The recommendation is to remove this goal as it has been achieved.

**g. Complaint Intake Process Improvement**

The CAC recommends maintaining and enhancing this goal. Proposed additions include improving general record-keeping and tracking frequent callers.

**h. Regulatory Engagement and Succession Planning and Staff Training**

The recommendation is to maintain these as ongoing operational objectives.

**2. Proposed New Goals**

**a. Education and Outreach Enhancement**

The objective is to improve understanding of LRAPA's role and air quality regulations among the general public, the regulated community, and other stakeholders. Proposed actions include developing targeted educational programs for different sectors, including stationary sources; creating resources that explain regulations and best practices for air quality management; organizing workshops and seminars for permitted source representatives; and establishing regular communication channels with regulated stakeholders.

**b. Environmental Justice and Equity**

The objective is to ensure inclusive, equitable efforts focused on protecting vulnerable populations. Proposed actions include pursuing grants and providing bilingual communication.

**c. Wildfire Smoke Preparedness**

The objective is to enhance community readiness for wildfire smoke events. Proposed actions include developing education programs, creating resources for smoke exposure prevention, addressing industrial timber management practices, and considering expanding LRAPA's role in addressing wildfire smoke exposure, particularly for vulnerable populations who work or live outdoors.

**d. Collaborative Land Use Planning**

The objective is to work with local jurisdictions on zoning to prevent future air quality conflicts.

**e. Continuous Improvement of the Cleaner Air Oregon (CAO) Program**

The objective is to enhance the CAO program process for both permittees and the interested public.

**STAFF RECOMMENDATION**

This is an informational item, and no formal motion is required. Staff recommends that the Board review the CAC's input and consider how these recommendations align with LRAPA's mission and current community needs. The Board may use this valuable perspective to guide the updating of LRAPA's strategic goals, ensuring they address emerging challenges and opportunities while focusing on community engagement, education, environmental justice, and proactive planning. The inclusion of the regulated community in education and outreach efforts reflects the CAC's recognition of the important role that stationary sources play in air quality management and the need for collaborative approaches to achieve LRAPA's objectives.

**LANE REGIONAL AIR PROTECTION AGENCY  
MEMORANDUM**

**To:** Chair Howard Saxion, and LRAPA Board Members

**From:** Travis Knudsen, Executive Director

**Date:** September 12, 2024

**Subject:** Proposed LRAPA Goals for 2024 and Beyond

**STAFF REPORT**

---

**ISSUE STATEMENT**

As the newly appointed Executive Director of LRAPA, I am proposing a set of goals to guide our Agency's efforts in protecting and enhancing air quality in Lane County. These goals are the result of a 360-review process, incorporating input from Board members, the Citizens Advisory Committee (CAC), internal staff, external partners, and my own judgement.

**BACKGROUND INFORMATION**

The LRAPA Board last established goals in January 2022. In May 2024, the Board directed staff to propose new goals for review and potential adoption. The Citizens Advisory Committee was also tasked with reviewing the existing goals and providing recommendations, which occurred over following meetings.

**GOAL DEVELOPMENT PROCESS**

1. **Board Member Input:** The Executive Director conducted one-on-one meetings with Board members to understand their perspectives on LRAPA's role and priorities.
2. **Citizens Advisory Committee Feedback:** The CAC reviewed the existing goals and provided input, including recommendations for maintaining, modifying, or removing goals, and suggestions for new priorities.

**PROPOSED GOALS SUMMARY**

The proposed goals are structured into two categories:

1. **Sustained Goals:** These represent LRAPA's ongoing commitment to its core responsibilities:
  - Regulatory Compliance, Permitting, and Industrial Emissions Management
  - Regional Air Monitoring and Analysis
  - Public Health Protection and Air Quality Education
  - Partnerships and Interagency Coordination

2. Accelerated Goals: These target areas for intensified effort and rapid advancement:
  - Financial Sustainability and Transparency
  - Enhanced Wildfire Smoke Preparedness
  - Strengthen Partnerships and Stakeholder Engagement
  - Organizational Excellence and Board Development

## **KEY CHANGES AND INCORPORATIONS**

1. Board and External Partner Input:
  - The focus on financial sustainability and transparency addresses concerns raised by multiple stakeholders.
  - The goal to strengthen partnerships and stakeholder engagement reflects the desire for increased collaboration and communication.
2. CAC Recommendations:
  - The expansion of the Oakridge/Westfir air quality improvement goal to other communities is reflected in the broader Public Health Protection goal.
  - The emphasis on environmental justice and equity is incorporated into multiple goals, particularly in Public Health Protection and Stakeholder Engagement.
  - The suggestion for a wildfire smoke preparedness goal has been directly included as an Accelerated Goal.
3. Executive Director's Assessment:
  - The division of goals into Sustained and Accelerated categories allows for a balance between maintaining core functions and addressing pressing new challenges.
  - The Organizational Excellence goal addresses internal needs identified during the Agency assessment.

## **STAFF RECOMMENDATION**

It is recommended that the Board review these proposed goals and provide feedback. The goals can be approved as presented or modified based on Board input. Any feedback received will be incorporated into a revised version for final approval at a subsequent meeting.

## **MOTION OPTIONS**

1. Move to approve the proposed LRAPA goals for 2024 and beyond as presented.
2. Move to provide feedback on the proposed goals and direct the Executive Director to incorporate this feedback for review at the next Board meeting.
3. Move to schedule a work session for more in-depth discussion of the proposed goals before approval.

## LANE REGIONAL AIR PROTECTION AGENCY LRAPA GOALS

### INTRODUCTION

The Lane Regional Air Protection Agency (LRAPA) is committed to protecting and enhancing air quality in Lane County, Oregon. As part of this commitment, LRAPA's Board of Directors has established a set of goals to guide the Agency's efforts in fulfilling its mission to protect public health, community well-being, and the environment.

LRAPA's Vision and Mission statements form the foundation of these goals:

***Vision:** Community partners working together to ensure clean air for everyone.*

***Mission:** To protect public health, quality of life and the environment as a leader and advocate for the continuous improvement of air quality in Lane County.*

This document outlines LRAPA's strategic goals for 2024 and beyond. It is divided into two main sections:

**Sustained Goals:** These embody the enduring, foundational work of LRAPA. They represent the Agency's ongoing commitment to its core responsibilities in air quality management, monitoring, public health protection, and community engagement. Rooted in LRAPA's long-standing commitments and statutory obligations, these goals ensure consistent, reliable progress in fulfilling the Agency's primary mission.

**Accelerated Goals:** These goals target specific areas for intensified effort and rapid advancement. They address emerging challenges, seize opportunities for significant improvement, and push LRAPA to quickly enhance its capabilities and impact. While building on the foundation of sustained goals, these accelerated initiatives drive innovation and adaptation to meet pressing needs and future demands.

Each goal is accompanied by a set of specific tasks or objectives, providing a clear roadmap for LRAPA's activities. This structure ensures that the agency's efforts are focused, measurable, and aligned with its overall mission.

By setting and pursuing these goals, LRAPA aims to maintain its position as a leader in regional air quality management and to continually improve its service to the residents of Lane County.

### SUSTAINED GOALS

#### 1.0 Regulatory Compliance, Permitting, and Industrial Emissions Management

Ensure compliance with National Ambient Air Quality Standards (NAAQS) and other health-based benchmarks, manage air quality permits for regulated sources, and implement best practices in emissions control, balancing economic development with environmental protection through rigorous permitting processes.

Tasks:

- a. Maintain compliance with the carbon monoxide, PM10/PM2.5, and ozone NAAQS through:
  - Implementing the Indirect Source Permitting Program
  - Reviewing conformity findings in transportation plans

- Updating emissions inventories for CO, PM<sub>2.5</sub>, VOC, and NO<sub>x</sub>
- Developing and maintaining State Implementation Plan (SIP) amendments as needed
- b. Prepare and issue Air Contaminant Discharge Permits (ACDPs) and Title V permits for stationary sources.
- c. Conduct New Source Review (NSR) and Prevention of Significant Deterioration (PSD) evaluations.
- d. Implement top-down procedures to establish Best Available Control Technology (BACT).
- e. Update LRAPA rules for NSR/PSD/PSEL and other air quality programs as needed.
- f. Conduct compliance verification and enforcement actions for permitted sources.
- g. Implement the Compliance Assurance Agreement with EPA.
- h. Report Significant Violators to EPA as required.
- i. Revise permits to correct discovered deficiencies.
- j. Operate the asbestos program, including inspections and rule updates.
- k. Implement the Oregon Toxic Air Contaminant program, Cleaner Air Oregon.
- l. Include 112(r) accidental release prevention program requirements for Title V sources.
- m. Implement and manage the Outdoor Burn Letter Permit (OBLP) program for various types of permitted burns, including commercial, industrial, construction, demolition, forest slash, bonfires, and prescribed burning.
- n. Implement and monitor the effectiveness of Targeted Airshed Grant (TAG) programs in Oakridge-Westfir to maintain compliance with PM<sub>10</sub> and PM<sub>2.5</sub> NAAQS.

## **2.0 Regional Air Monitoring and Analysis**

Collect, analyze, and report comprehensive air quality data across Lane County to inform policy decisions, alert the public, and track long-term air quality trends.

Tasks:

- a. Operate and maintain a criteria pollutant network in partnership with ODEQ.
- b. Implement Quality Assurance/Quality Control (QA/QC) programs.
- c. Perform network validation studies and modify as needed.
- d. Conduct SIP/Pollution Prevention Plan monitoring.
- e. Perform supplemental/investigative monitoring as necessary.
- f. Conduct monitoring to characterize air toxics in Lane County.
- g. Provide appropriate monitoring in support of daily AQI for criteria pollutants.
- h. Provide routine air monitoring data to the public on a real-time basis.
- i. Provide technical assistance, audit, and oversight of point source self-monitoring.
- j. Provide modeling and monitoring expertise for Title V, NSR, PSD, and SIP activities.
- k. Operate and maintain Toxics Monitoring Site in West Eugene.

### **3.0 Public Health Protection and Air Quality Education**

Protect public health through air quality initiatives and foster community engagement via educational programs, prompt response to public concerns, and efforts to ensure equitable protection from air pollution for all communities.

Tasks:

- a. Implement and maintain home wood heating advisory programs in Eugene-Springfield and Oakridge.
- b. Conduct the outdoor burning program, providing advisories and effectively abating violations.
- c. Respond promptly and effectively to citizen complaints.
- d. Prepare and distribute informational materials about air quality and LRAPA's role.
- e. Assess public attitudes about LRAPA and air quality.
- f. Provide air quality information and speak to schools and youth organizations.
- g. Provide asbestos information to homeowners with remodeling projects.
- h. Implement PM attainment strategies for Eugene/Springfield and Oakridge.
- i. Make extensive use of the LRAPA website and keep information accurate and timely.
- j. Communicate frequently through various channels to keep stakeholders informed.
- k. Develop and carry out seasonal and intermittent programs.
- l. Implement environmental justice initiatives for equitable protection from air pollution.
- m. Execute comprehensive community engagement and education programs in Oakridge-Westfir, focusing on wood burning practices, home heating efficiency, and the health impacts of air pollution.

### **4.0 Partnerships and Interagency Coordination**

Build and maintain strong relationships with various stakeholders, including industry, local jurisdictions, and community groups, to foster collaboration, improve communication, and ensure that LRAPA's work is responsive to community needs and concerns.

Tasks:

- a. Participate in interagency transportation and land use planning processes.
- b. Participate in the Lane Regional Climate Collaborative (LRCC), Oakridge Area Fire Safe Council, Northwest Air Quality Communicators (NWAQC), National Association of Clean Air Agencies (NACAA).
- c. Support and coordinate programs with local governments to curtail and prevent air pollution.
- d. Consult with federal agencies on general conformity findings for major federal projects.
- e. Continue to work with permitting agencies to provide public information on LRAPA rules.
- f. Develop and maintain partnerships with local, state, and federal agencies and organizations.
- g. Work jointly with ODEQ and local legislators on budget requests.

- h. Review Oregon Revised Statutes (ORS) on regional air authorities and propose revisions as needed.
- i. Cooperate and advocate on environmental issues of mutual interest not under LRAPA's direct control.
- j. Develop programs and projects that leverage resources to improve air quality in Lane County.
- k. Continue to participate in multi-agency public education and pollution prevention efforts.
- l. Collaborate with the Rivers to Ridges partnership on controlled ecological burns.
- m. Engage with local fire management agencies, conservation organizations, and indigenous groups to support responsible use of fire as a land management tool, recognizing its historical and ecological importance in the Willamette Valley.
- n. Collaborate with local partners, including South Willamette Solutions, to implement and evaluate the Oakridge Air program and related initiatives.

## **ACCELERATED GOALS**

### **5.0 Financial Sustainability and Transparency**

Ensure LRAPA's long-term financial stability and improve fiscal transparency through diversified funding sources, robust financial management practices, and clear communication of financial decisions to stakeholders.

Tasks:

- a. Develop and implement an updated cost allocation model for the organization.
- b. Review, update, and implement financial management practices and reporting.
- c. Increase Board and regulatory involvement and awareness of annual fee increases set by rule.

### **6.0 Enhanced Wildfire Smoke Preparedness**

Address the increasing threat of wildfire smoke to public health in Lane County through public education, collaboration with local jurisdictions, and enhanced monitoring and communication during wildfire events. In addition to seeking funding avenues which directly support this new and growing smoke management service need.

Tasks:

- a. Develop education programs on wildfire smoke impacts and mitigation.
- b. Collaborate with local jurisdictions on wildfire smoke response plans.
- c. Seek funding for wildfire-related air quality initiatives.
- d. Enhance monitoring and communication during wildfire events.
- e. Implement and evaluate the Building Community Resiliency to the Hazards of Smoke and Wildfires project in Oakridge-Westfir.
- f. Support the implementation of Smoke Community Response Plans in Lane County.

## **7.0 Strengthen Partnerships and Stakeholder Engagement**

Build and maintain strong relationships with various stakeholders, including regulated sources, local jurisdictions, and community groups, to foster collaboration, improve communication, and ensure that LRAPA's work is responsive to community needs and concerns.

Tasks:

- a. Establish regular communication channels with regulated stakeholders.
- b. Enhance collaboration with local jurisdictions, including recurring presentations to city councils.
- c. Engage with permitted sources to educate and inform on regulatory requirements.
- d. Engage with environmental justice communities and advocate for equitable air quality.
- e. Participate actively in regional climate and air quality initiatives.

## **8.0 Organizational Excellence and Board Development**

Improve LRAPA's internal operations and governance by updating Board processes, enhancing staff development, and refining internal policies to ensure efficient and effective operation in service of the agency's mission.

Tasks:

- a. Review and update the Board handbook and develop detailed and complete onboarding materials.
- b. Implement strategies to retain high-quality staff, develop a succession planning strategy.
- c. Review and update internal policies and procedures.
- d. Develop and implement a new, efficient file organization and retention policy.
- e. Integrate advancing technologies into the organization's workflows and processes to enhance efficiency and effectiveness, including exploration of innovative tools for data analysis, communication, and documentation development.

**LANE REGIONAL AIR PROTECTION AGENCY  
MEMORANDUM**

**To:** Chair Howard Saxion, and LRAPA Board Members

**From:** Travis Knudsen, Executive Director

**Date:** September 12, 2024

**Subject:** Update on Partner Engagement and Invoicing for Annual Dues and Fees

**STAFF REPORT**

---

**ISSUE STATEMENT**

This report provides an update on LRAPA's efforts to engage with partner jurisdictions regarding annual dues and fees, as well as the status of invoicing for the current fiscal year.

**BACKGROUND INFORMATION**

As part of LRAPA's commitment to maintaining strong relationships with our partner jurisdictions, the new Executive Director and Finance Manager have initiated a series of meetings and communications with key representatives from each partner. These efforts aim to reaffirm relationships, discuss LRAPA's services, review budgetary items, and explore collaboration opportunities.

**INVOICING STRATEGY**

The Executive Director's goal is to send invoices following meetings with each partner jurisdiction. These meetings serve multiple purposes:

1. Reaffirm relationships and discuss LRAPA's services.
2. Review the invoicing process and timeline.
3. Identify the most advantageous time of year to discuss partner dues ahead of Board review and approval.

**CURRENT PROGRESS**

Cottage Grove:

- Met with City Manager Mike Sauerwein on July 30, 2024.
- Discussed LRAPA's services, with emphasis on outdoor burning complaint response and coordination with regulated sources.
- Invoiced \$5,900.00 on July 31, 2024; payment received on August 16, 2024.

Lane County:

- Presented to the Board of Commissioners on July 16, 2024.
- Follow-up meeting scheduled with County Administrator Steve Mokrohisky and staff on August 13, 2024.
- Discussed LRAPA's county-wide services, Clean Air Act implementation, Oakridge air quality efforts, and EPA grant implementation.
- Invoiced \$70,200.00 on August 16, 2024; payment pending.

Oakridge:

- Met with City Administrator James Cleavenger and staff on February 14, 2024.
- Reviewed services provided, focusing on implementation of City Ordinance 920 (Home Wood Heating program) and grant-funded initiatives.
- Invoiced \$1,700.00 on July 31, 2024; payment pending.

Springfield:

- Initial outreach made to City Manager Nancy Newton on July 17, 2024; awaiting response.
- Planning to connect directly with Assistant City Manager Niel Laudati to schedule a meeting.
- \$225 invoice for Title 47 variance (related to January 2024 ice storm) remains unpaid.
- Annual dues of \$33,700 not yet invoiced.

Eugene:

- Initial outreach made to City Manager Sarah Medary and Assistant City Managers on July 17, 2024; awaiting response.
- Planning to connect directly with Assistant City Manager Matt Rodrigues to schedule a meeting.
- Annual dues of \$92,000 not yet invoiced.

**STAFF RECOMMENDATION**

Staff recommends that the Board acknowledge the efforts made to engage with partner jurisdictions and reaffirm relationships. Provide input, advice or recommendations on the strategy of meeting with partners prior to invoicing to ensure clear communication and understanding of LRAPA's services and financial needs. This is an informational item, and no formal motion is required currently.

MEMORANDUM**

**To:** Chair Howard Saxion, and LRAPA Board Members

**From:** Lance Giles, Technical Services Manager

**Date:** September 12, 2024

**Subject:** Office Remodel Project Progress Update

**STAFF REPORT**

---

**ISSUE STATEMENT**

This staff report provides an update on the progress of LRAPA's office remodel project, which was approved by the Board in July 2024.

**BACKGROUND INFORMATION**

On July 11, 2024, the Board approved Resolution 24-05, accepting the bid from Proper Built Inc. in the amount of \$1,099,000.00 for the LRAPA office remodel project. This approval marked a significant step forward in LRAPA's mission to improve its workspace and service capabilities.

**PROGRESS UPDATE**

Since the project's approval, significant progress has been made:

1. Project Initiation:
  - a. Proper Built Inc. was issued a Notice to Proceed shortly after the Board's approval.
  - b. The contractor began coordinating with subcontractors and finalizing the project schedule.
2. Project Timeline:
  - a. Demolition work commenced in mid-August, as anticipated.
  - b. The project is currently in its initial phases, with an estimated duration of approximately 6 months – tentative completion date of February 14, 2025.
3. Current Status (as of September 4, 2024):
  - a. Demolition is well underway, with demolition completion expected in late-September.
  - b. Plumbing and electrical demolition work has begun.
  - c. Asbestos abatement work was completed in August.

4. Upcoming Work:
  - a. Mechanical demolition is scheduled to start in mid-September.
  - b. Framing work is expected to begin in late September.
  - c. Concrete work for the new exterior access door and HVAC equipment is planned for early September.
5. Permitting:
  - a. The building permit has been issued.
  - b. Plumbing and mechanical permits have been submitted.
  - c. The electrical permit is pending submission by the electrical contractor.
6. Temporary Relocation:
  - a. Staff have been successfully relocated to temporary workspace to ensure continuity of operations during the remodel.
  - b. Staff have each been provided a laptop computer with VPN functionality which ensures full access to agency documents and tools to facilitate work at Lane County Public Service Building or online in an at-home setting.
7. Office Furniture Coordination:
  - a. LRAPA has engaged Office World, a reputable office furniture dealership in Eugene, for the removal of old cubicles and the purchase of new office furniture.
  - b. Office World representatives have visited LRAPA's office to assess the space and remove existing cubicles.
  - c. They are actively coordinating with the project architects to ensure the new furniture aligns with the remodeled office design.
  - d. Their involvement includes project management and installation services for cubicles and furniture, which will facilitate a smooth transition to the new office setup.

## **CHALLENGES AND CHANGES**

As with many complex remodel projects, some challenges and changes have arisen:

1. Minor water intrusion issues were discovered in the SE and SW corners of the building. These are being addressed through change requests and appropriate remediation measures.
2. Some minor floor damage was uncovered during carpet removal. This is being addressed as part of the ongoing work.
3. Change requests have been initiated to address conditions and optimize the remodel, including:
  - a. Wall demolition and investigation in the lab
  - b. Removal of a pneumatic line in the lab
  - c. Window repair or replacement options
  - d. Revisions to the mechanical room plumbing
  - e. Elimination of a drinking fountain near restrooms

- f. Credit for unneeded demolition of mezzanine storage floor.

### **FINANCIAL IMPACT**

The project remains within the approved budget of \$1,099,000.00. To date, the cost for the required changes has been offset by the demolition credit. All change requests are being carefully evaluated and processed to ensure they remain within the contingency allowance.

### **NEXT STEPS**

1. Continue with the demolition phase and transition into framing and rough-in work for mechanical, electrical, and plumbing systems.
2. Maintain regular progress meetings with Proper Built Inc. to ensure the project stays on schedule and within budget.
3. Continue to address any unforeseen conditions promptly and efficiently.
4. Prepare for the next phases of the project, including drywall installation, painting, and finishing work.

### **STAFF RECOMMENDATION**

This is an informational item, and no formal motion is required. Staff recommends that the Board review this progress update and provide any feedback or guidance as necessary. We will continue to keep the Board informed of any significant developments or changes to the project timeline or budget.

On July 16, 2024 LRAPA provided a presentation to the Lane County Board of Commissioners on LRAPA's role and service provided to Lane County, as well as to formally deliver the enforcement dollars collected by LRAPA in the recent fiscal year to the Lane County general fund, as required by ORS § 468.135.

## AGENCY GOALS AND UPDATES

*In January 2022, the Board established the following goals to drive LRAPA's efforts in protecting public health, community well-being, and the environment. Below is an overview of each goal, accompanied by recent updates and milestones, with specific focus on activities in May 2024.*

### 1. Oakridge/Westfir Air Quality Improvement

Objective: Seek EPA approval to improve air quality in Oakridge/Westfir.

- Following the redesignation of Oakridge in September 2022, LRAPA continues to

- implement two targeted airshed grants in the area to further improve progress.
- LRAPA is preparing for the awarding and implementation of the EJG2G grant expanding the Oakridge Air program to include wildfire mitigation efforts. It's anticipated the final terms and conditions with the EPA will be signed by the end of September 2024.
    - o LRAPA has been increasing engagement with Lane County Public Health their work under EJG2G to Conduct health and morbidity assessment in Eastern Lane County using HCUP, APAC, ESSENSE, and/or MMIS data to analyze healthcare utilization patterns and prevalence of smoke-related illnesses.
    - o LRAPA has also increased engagement with OHA on their efforts under the grant to provide public health interpretation of air toxics data collected during the 2022 Cedar Creek Fire and produce a report on health risks and outcomes related to wildfire smoke exposure.

## **2. Internal Efficiency Enhancement**

Objective: Streamline internal processes and policies for improved efficiency.

- An internal focus on policies and procedures continues. The current focus is on enhancing internal file organization to improve access and manageability, with a comprehensive review and restructuring of the organizational folder system. This collaborative effort involves all staff and aims to align with everyone's workflows, a full completion of the folder's structure was set at the end of July.
- Progress on this effort has been slowed due to the logistical needs and efforts in moving LRAPA's office to the Lane County Public Service Building. With the hiring of an Administrative Manager, efforts to make rapid progress on this task is anticipated.

## **3. Pre-Budget Planning**

Objective: Plan ahead for budget committee meetings to ensure financial stability.

- Despite challenges due to executive and financial management changes, the Board adopted the approved FY'25 budget in June completing the budget process.
- LRAPA is the process of preparing for an Audit of FY'24.

## **4. Financial Stability Assessment**

Objective: Evaluate LRAPA's costs and explore funding sources for long-term stability.

- LRAPA's budget forecast and assumptions indicate the agency's finances are stable.

## **5. Website Redesign**

Objective: Improve LRAPA's website for better user access to air quality information.

- The website continues to be updated to accurately reflect current operations at the Organization, such as updates to the staff directory to reflect new hires.

## **6. Community Engagement**

Objective: Increase interaction with communities to raise air quality awareness.

- LRAPA continues to engage collaboratively with various stakeholders and agencies on soil remediation activities concerning J.H. Baxter in West Eugene.
- LRAPA is collaborating with the Pacific Northwest International Section of the Air &

Waste Management Association to plan the 2024 PNWIS conference at the Graduate Hotel in Eugene this October, enhancing industry relationships.

- LRAPA hired a new Public Affairs and Project Manager, Matt Sorensen, replacing the vacancy which has been open since March of 2024. Matt was the former Executive Director of the Boys & Girls Clubs of Emerald Valley.

## **7. Collaboration and Partnerships**

Objective: Strengthen relationships with local communities and industry for problem-solving.

- LRAPA participated in several regional collaborative groups and committee meetings in April. These included Lane Regional Climate Collaborative, Oakridge Area Fire Safe Council, and Lane County Healthy Housing Collaborative.

## **8. Funding Source Diversification**

Objective: Seek new funding opportunities to support air quality programs.

- LRAPA has been informed by DEQ that its prospects for increased budget support are constrained due to a lower prioritization of climate and environment in the governor's budget. Consequently, LRAPA's ability to secure enhanced funding through DEQ is significantly limited. LRAPA has diligently researched and applied for relevant grants to supplement our funding. Despite our efforts, we have not yet qualified for additional grant funding. We continue to monitor grant opportunities and refine our approach based on feedback received.

## **9. Airmetrics Enterprise Evaluation**

Objective: Assess the effectiveness of Airmetrics in monitoring air quality.

- Following the board's decision in late 2023, Airmetrics has ceased all operations. LRAPA provided a 30-day notice to terminate the lease on the Airmetrics warehouse space, which concludes on July 24, 2024. LRAPA has fully vacated the space and removed all references to Airmetrics from its website in early June 2024.

## **10. Complaint Intake Process Improvement**

Objective: Enhance the process for receiving and responding to air quality complaints.

- LRAPA has revised the internal complaint entry user interface in LINFO to streamline the process for staff to enter complaints and investigation results.

## **11. Regulatory Engagement**

Objective: Stay updated on air quality regulations through engagement with relevant organizations.

- LRAPA staff engaged with the Board to discuss the annual fee increases for Air Contaminant Discharge Permit (ACDP) and Asbestos Notification fees. The Board was provided with detailed information on the fee structure, the essential work supported by these fees, and considerations for potential adjustments.
  - o Outcomes from this discussion is a planning effort to inform the regulatory community of yearly Board discussion in the Spring, providing opportunity to attend and provide comment to the Board.

- LRAPA successfully implemented the annual 4% fee increases for ACDP and Asbestos Notification fees, as well as a 3% increase for Cleaner Air Oregon (CAO) fees, effective July 1, 2024, ensuring the agency's ability to continue its critical air quality work and adapt to emerging challenges.

## **12. Succession Planning and Staff Training**

Objective: Prepare for staff transitions through succession planning and training.

- LRAPA continues to advance recruitment efforts to address staffing changes:
- An Administrative Manager position was posted in late August, first round of applications will be reviewed at the end of September.
- LRAPA hired a new Public Affairs and Project Manager, Matt Sorensen, replacing the vacancy which has been open since March of 2024. Matt was the former Executive Director of the Boys & Girls Clubs of Emerald Valley.
- An inspector position was opened in early August. Interviews have occurred and a candidate had been selected.
